

ELF MOTO CHAIN LUBE

ELF MOTO CHAIN LUBE is a new very high performance grease for motorcycle chains. It has been specially formulated to give optimal lubrication in the most severe conditions.

APPLICATION

DRIVING CHAINS

- Specially designed for lubricating driving chains (all types of motorcycle).

ALL CONDITIONS

- The perfect grease for all conditions of use (touring and racing, roads and off-road).

VERY HEAVY DUTY

- Particularly recommended when the chain has to cope with very severe conditions as well as external pollution (mud, water, etc.).

PERFORMANCE

PROVEN PERFORMANCE

- Successfully tested in motorcycle Grands Prix in the 99/2000 season: "the product sticks to the chain well and none is lost"
- For chains with O-ring seals, ELF MOTO CHAIN PASTE should be used for preference

CLIENT ADVANTAGES

EXTENDS CHAIN LIFE

ANTICORROSION

WITHSTANDS WATER

FLUIDITY

SPECIAL CONSISTENCY

RESISTS SHEAR

EASY APPLICATION

ECOLOGICAL

ECONOMICAL

- The use of Elf Moto Chain Lube extends the lifetime of the chain.
- The grease gives maximum protection against chain corrosion.
- Elf Moto Chain Lube is insoluble in water, even saline.
- The use of a special solvent means that Elf Moto Chain Lube:
 - is sufficiently fluid as it leaves the spray to be well distributed on the chain,
 - sticks very quickly, thanks to the rapid evaporation of the solvent, consistency and adherence adapted to the requirements of a motorcycle chain.
- Elf Moto Chain Lube shows very good shear resistance for maximum chain protection.
- The fluorescent yellow colour of the grease, and its special aerosol spray diffuser facilitate application.
- The solvent used in Elf Moto Chain Lube is non-toxic and the CO₂ propellant does not affect the ozone layer.
- A thin film of Elf Moto Chain Lube is sufficient.

CHARACTERISTICS

Colour	Fluorescent yellow
Type of soap	Calcium complex
Drip point of grease	> 250 °C
Density at 20°C	0.796 kg/dm ³
Closed vessel flash point	<0 °C
Self-ignition temperature	>285 °C

(Typical values given for illustration)

This lubricant when used according to our recommendations and for the purpose for which it is intended presents no particular hazard

A safety data sheet complying with current EU legislation can be obtained from your local commercial advisor
