PRODUCT NAME

TRUCK WASH

DESCRIPTION & APPLICATIONS

Truck Wash is a high quality, heavy duty, and hard surface cleaner safe on all paint, plastic and metal surfaces. It has excellent grime penetration and is free rinsing. It is designed for use on any type of vehicle including trucks and trailers, cars, 4-wheel drive vehicles, vans, motorcycles, boats, and caravans. Truck Wash is suitable for manual and automatic washing.

For manual washing Truck Wash can be diluted 1 to 20-50 parts of water, apply to vehicle and rinse thoroughly. For pressure/automatic system, Truck Wash can be metered into pressure system and/or applied to surface of vehicle and then rinsed off.

As a hand or brush wipe-on application, use a ratio of 1 cap truck wash to 10 litres of water.

A handy time saving tip – To a clean and dry surface, apply a 1 to 10 parts solution of truck wash to the surface of interest, use vehicle and after completion of tour of duty, hose off. Reapply next morning when dry allow drying and repeating process to ensure an easy to clean surface.

FEATURES & BENEFITS

Effectively removes dirt, mud, oil film and road grime from all trucks and trailers.

Powerful formulation acts fast to remove the toughest road grime, leaving the truck and trailer with a streak free, sparkling clean finish.

Non toxic, biodegradable and does not contain solvents or free caustic.

Safe to use on all painted and bare metal surfaces including glass, rubber, aluminium, brass, copper, plastic, chrome and vinyl. Truck wash will not cause paint to fade and effectively inhibits rust and corrosion. NOTE: Heavily oiled surfaces are best precleaned with Peak Degreaser applied dry and washed with a medium pressure water stream.

HEALTH / SAFETY & ENVIRONMENT

Health, safety and environmental information are provided on the Material Safety Data Sheet for this product. Users should consult the MSDS, follow the precautions outlined and comply with all laws and regulations concerning its use and disposal.

TYPICAL CHARACTERISTICS

Appearance	Light blue opaque liquid.
Odour	Slight odour.
pH at 25 °C	7.5 – 8.5
Sp. Gravity	1.01
Flash Point	Not flammable
Solubility	All proportions in water

Typical characteristics are only a guide to industry and are not necessarily manufacturing or marketing specifications, and do not constitute any legal liability. Information is correct at time of printing.
