

PEAK DIESEL INJECTOR CLEANER

DIESEL FUEL ADDITIVE

DESCRIPTION & APPLICATION:

PEAK Diesel Injector Cleaner is an advanced fuel additive designed to clean and maintain the engines fuel system and is suitable for all diesel injection systems including direct injection and common rail injection systems. Improves the overall running by reducing deposits built-up in injectors. This product combats corrosion in the tanks and fuel lines and also cleans the manifold. Enhanced cleanliness will result in lower emissions, improve fuel economy, and increase power and performance.

PEAK Diesel Injector Cleaner is safe to use with catalytic converter, Diesel Particulate Filter (DPF) and oxygen sensor. It is suitable for use in all diesel engines in passenger cars, 4WD's, light & heavy-duty commercial vehicles, motorcycles, marine and stationary engines.

BENEFITS:

- Prevents bacterial, fungal and diesel bug growth in tanks
- Doesn't emulsify in water
- Effectively inhibits or eliminates carbon deposits
- Improve Fuel Economy up to 2.8%
- Improves acceleration, engine power and restores performance
- Reduce harmful exhaust pollution by up to 98%

PRODUCT SIZES:

PRODUCT CODE	PACK SIZE	CTN QTY
PKADPDIC.325	325 ML	12
PKADPIC020	20 Litre	

TYPICAL CHARACTERISTICS*:

TEST	METHOD	TYPICAL VALUE
Density 15° C g/cm ³	ASTM D7042	0.950
Flash Point °C	ASTM D92	>75
Physical State		Liquid
Colour		Amber

HOW TO USE:

1. Add before filling the fuel tank.
2. Add a bottle of the Peak Diesel Injector Cleaner to the fuel tank to treat up to an 80L tank
3. Recommended to use regularly to maintain optimum Diesel engine performance

Health, safety and environmental information is provided on the Safety Data Sheet (SDS) for this product.

* Typical characteristics are provided as a guide only and are subject to manufacturing tolerances. They however do not constitute any legal liability. Information is correct at time of publishing.
